MICRO MARKET

A 24/7 solution, featuring contactless payment solutions, scalable for populations of 100-500

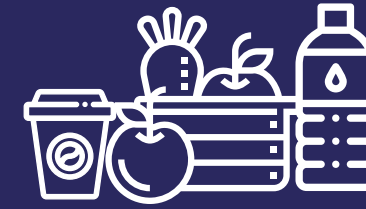

Fresh and nutritious salads, sandwiches, snacks, heat and eat meals, cold beverages, coffee.

All of the features of a micro market with a hot, served food component option.

Gifts or logo merchandise may be provided in a cost effective manner to drive employee satisfaction and engagement.

PANTRY, COFFEE AND HYDRATION

A scalable solution of snacks, beverages and meals for your staff, ready and waiting 24/7! Pantries offer a variety of curated offerings, including local, healthy, and traditional favorites.

We'll build a program to fit your specific needs with a wide range of products and services that will meet any taste and budget.

VENDING

Vending is a 24/7 solution requiring a very small footprint, available for immediate installation.

The nature of vending ensures that products are always protected until they're purchased.

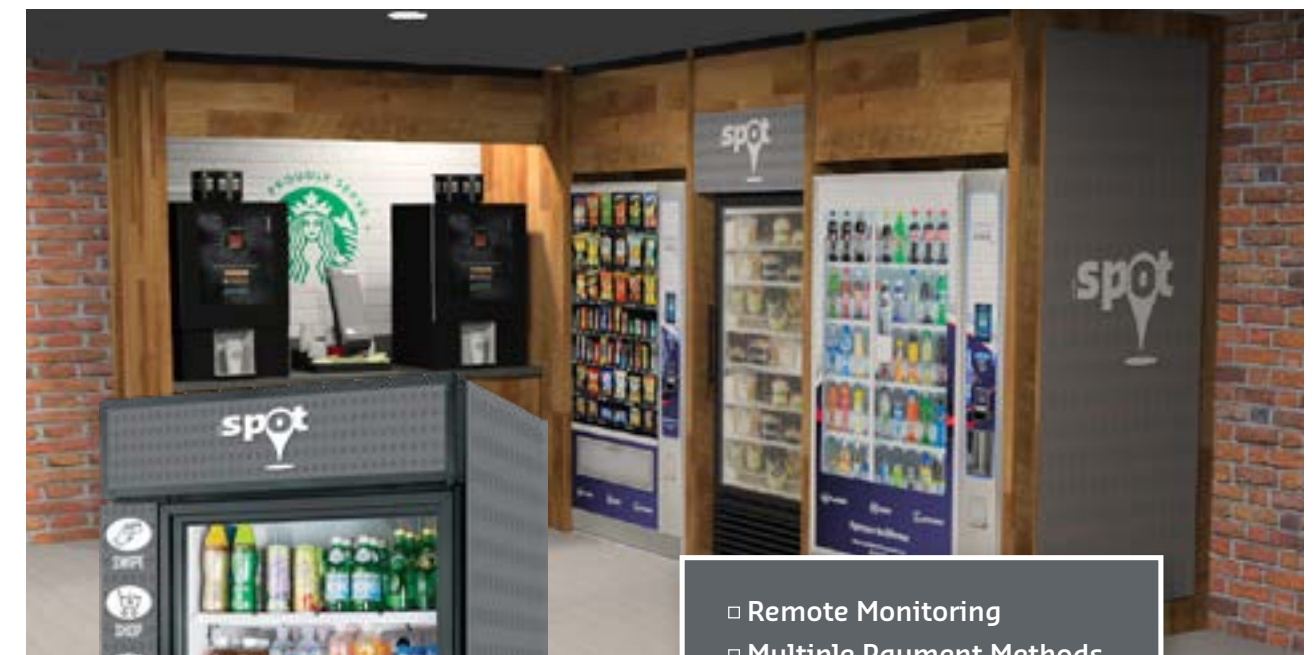

Vending also meets the need for low-touch distribution of safety and PPE products such as hand sanitizers, face masks, latex gloves and other medical supplies.

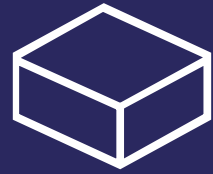

SMART VENDING

Fresh meals, snacks and beverages, available 24/7 as a stand-alone solution, or with supplemental vending machines.
